Comments

[NOTE: All citations to “Manual” in the comments below are to the Administrative Rules Procedures Manual, prepared by the Revisor of Statutes Bureau and the Legislative Council Staff, dated October 1994.]

2. Form, Style and Placement in Administrative Code

- a. In SECTION 10, the treatment clause of the verb should be “are.”
- b. Subdivision numerals should be followed by a period. In s. NR 520.04 (1) (d) 2., “1.” should replace “1”.
- c. Section NR 512.13 (4) (intro.) is incorrectly drafted as introductory material. As amended, it does not end in a colon and lead into the subsequent paragraphs. [s. 1.03 (8), Manual.] The current (intro.) is correctly drafted. In addition, the current colon has been replaced by a period without the use of striking and underscoring.

4. Adequacy of References to Related Statutes, Rules and Forms

Section NR 520.04 (4) (b) refers to the “total time interval allowed” under solid waste statutes and rules and provides for an additional fee for expedited review. It does not appear that the statutes and rules define a specific maximum time limit for the department to review all of the documents listed in that paragraph. It may be useful to add a note that identifies the maximum time limits set forth in these statutes and rules. Also, “Wis. Adm. Code” should be deleted. [s. 1.07 (2), Manual.]
